Cari Gonzalez-Casanova
HGMC2016 / MATRIX EAT / WORK

Matrix eat/work is a multifunctional table/workspace developed by Ken Isaacs. Cari Gonzalez-Casanova and Alain Bobineaud built a version of this table/desk following the instructions in Ken Isaacs manual *How to Build your own living structure*, published in 1974. Excerpts of this manual, typical of the DIY manuals of the counter-culture movement in the US, are referenced in Cari Gonzalez-Casanova's artist book *Home Guard Manual of Camouflage* published in 2016.
